—Speaking of the hose reel race at Sistersville, in which Marietta got third place and \$50, the Wheeling Register says: "The claim that Butler broke a record and made better time than that made by the Martin's Ferry Independents at Atlanta, is disputed. The track at Atlanta was of sand and much harder on the runners. The Martin's Ferry team, within this month, offered to run Butler for \$1,000 a side and to concede Butler all conditions."

This is the oldest cemetery in the township and Mr. Danley was heard to say a few months ago that he had been present at every burial in it. He has been present at all since, but Mr. David Shinn's, at which time he was unconscious. Robt. L. Danley was the son of John and Amy Danley and was born Sept. 6th, 1814. Died Sept. 20th, 1896, aged 82 years and 14 days. He was married to Mary Perry, Nov. 4th, 1835, by whom he had three children, all of whom died of that dread disease, diphtheria. His wife died Nov. 20th, 1887, leaving him all alone; as it were, he was the last leaf on the tree, for he was the last one of the second generation of Danleys. What vast changes and wonderful improvements have taken place in the life of this venerable man and how we shall all miss his familiar face at the old shop door. He was nearly always at home and had a smile and a pleasant word for every passer-by. May this old shop never be torn down, but remain a monument to his memory. He was a kind man, a good neighbor and lived a very active life. His last sickness was of short duration."

—Hon. C. S. Dana will address the McKinley Club at Nelsonville this evening.

Disease is like a railroad train. It has a regular way of coming and going and keeps on steadily along a certain track. You can almost always tell how a disease starts, and where it will probably end. It won't go out of its way to oblige you more than a locomotive will. Disease usually begins when the appetite gives out—that's the first warning whistle. Then the stomach and nutritive organs fail to supply good blood. The circulation grows poor, thin and tainted. Instead of carrying nourishment to the different parts of the body it carries poison, which settles at some point and eats away the tissues. According to where it settles it is called liver or kidney or skin disease—scrofula, erysipelas, eczema, or consumption if it settles on the lungs. It is all one trouble: tainted blood; clear out this taint and build up the tissues with rich blood and the disease is stopped; side-tracked; it can't go any further. No matter what the name of a disease is if it's a blood disease, Dr. Pierce's Golden Medical Discovery will cure it by driving the poison out of the circulation and creating a new supply of healthy, red, life-giving blood to revive and nourish the wasted tissues. It puts the digestion in order, invigorates the blood-making organs and builds firm healthy flesh. Consumption is a blood-disease. Don't believe it can't be cured! It is cured every day by Dr. Pierce's Golden Medical Discovery.

Dear Sir:—I cannot say enough for your "Golden Medical Discovery." For ten years my little boy suffered with lung trouble—first taking a gripe; second intermittent fever; third, lung trouble. For two years he coughed. The physician could do no good and I thought he must die. I was told to try Dr. Pierce's Golden Medical Discovery. I did, and before he had taken one bottle he began to mend and could eat a little. When he had taken four bottles he was well and now is as stout as before.
Respectfully yours,
(Mrs.) **Martha Rache**
Proctor, Morgan Co., Mo.

—Marietta took another game from Cambridge Friday by a score of 4 to 1. Batteries—Taylor and Collins; Armstrong and Kellackey. Hits—Marietta 5, Cambridge 6. Errors—Marietta 3, Cambridge 4. Gaston and Blough will be the pitchers today and a large crowd of Marietta fans will go up on the C. & M. to see the game. Marietta now has one game the best of Cambridge on the season.

—Hon. C. S. Dana and K. A. Underwood addressed an enthusiastic meeting at Decatur Thursday evening and organized a McKinley club of a half hundred members. Friday evening B. E. Guyton and R. S. Gage organized a club in Independence and spoke to a good audience.
